

GENG Mengzhe, 耿梦哲

JANUARY 2025

PERSONAL

NATIONALITY	Chinese
EMAIL	Mengzhe.Geng@autonoma.cat
WEBSITE	http://mengzhe-geng.github.io
PRONOUNS	he/him/his

RESEARCH INTERESTS

BROAD	Argument Structure Psycholinguistics	Syntax-Semantics Interface
NARROW	Theories of Verbal Meaning Telicity Realization in Syntax Experimental Syntax and Semantics	Lexical Semantics Manner and Result Entailments

EDUCATION

2024 - present	PhD in Cognitive Science and Language Center for Theoretical Linguistics, Universitat Autònoma de Barcelona, Barcelona, Spain Supervisor: Jaume Mateu Fontanals
2020 - 2023	M.A. in Linguistics Institute of Linguistics, Shanghai International Studies University, Shanghai, China GPA: 3.98/4.0
2016 - 2020	B.A. in Spanish School of International Studies, Communication University of China, Beijing, China GPA: 3.62/4.0
2018 - 2019	Exchange program in Spanish Philology Faculty of Humanities, Universidad de Murcia, Murcia, Spain

PUBLICATIONS

- Geng, Mengzhe**, Ying Chen, and Hui Chen. (To Appear). 跨语言视角下汉语自发运动事件的路径语义分析 [Path semantics of spontaneous motion events in Chinese: A crosslinguistic perspective]. 《语料库研究前沿》第三期 [*Frontiers in Corpus Studies* 3].
- Geng, Mengzhe**, Jialei Zhu, Jianrong Yu, Liangliang Li, and Huan Sheng. (Under Review). The lexical semantics of Shanghai Sign Language.
- Liao, Qiaoyun, **Mengzhe Geng***, Xin Weng, and Mengting Gao. (Under Review). Projecting telicity in event structure of Mandarin Chinese: Evidence from production and eye-tracking experiments.

PRESENTATIONS

Geng, Mengzhe, Jialei Zhu, Jianrong Yu, Liangliang Li, and Huan Sheng. (2024). Iconically and Simultaneously Encoding Manner and Result: Insights from Shanghai Sign Language. *The Sixth International Conference on Neo-descriptivism*. Shenzhen University.

Liao, Qiaoyun, **Mengzhe Geng**, and Qiange Zhao. (2024). 中国英语学习者的语言水平对句法解歧和句法适应的影响——一项基于花园路径句的眼动实验研究 [The mediation of language proficiency in syntactic disambiguation and syntactic adaptation: An eye-tracking study on Chinese EFL learners' online processing of subject-object garden-path sentences]. 《中国语文现代化学会神经语言学研究分会专题会议》 [Conference of the Neurolinguistic Research Branch of the Society on Modernization of Chinese Language]. Anhui Polytechnic University.

Liao, Qiaoyun, and **Mengzhe Geng**. (2023). 汉语连动结构的独立性研究: 以位移事件为例 [The independence of serial verb constructions in Mandarin: Evidence from motion events]. 《中国语文现代化学会神经语言学研究分会第三届年会》 [The 3rd Academic Annual Conference of the Neurolinguistic Research Branch of the Society on Modernization of Chinese Language]. Hangzhou City University.

ONGOING PROJECTS

Scale, event structure, and iconicity in Shanghai Sign Language

Locative alternation in Mandarin Chinese and Spanish

WORK EXPERIENCES

Winter 2023	Teaching Assistant Institute of Linguistics, Shanghai International Studies University Lecture: <i>Morphology</i> . Instructor: Jialei Zhu
2023 - 2024	Research Assistant Institute of Linguistics, Shanghai International Studies University Lab: <i>Language and Cognition</i> . PI: Qiaoyun Liao
2023 - 2024	Building parallel corpora in Mandarin Chinese and Spanish
Mar 2023	Institute of Corpus Studies and Applications, Shanghai International Studies University
Nov 2024	Institute of Language Sciences, Shanghai International Studies University

PROFESSIONAL DEVELOPMENT

Jul 2024	Eye-tracking Training Course School of Foreign Languages and Cultures, Nanjing Normal University
